

# Shawnee County Subdivision Regulations

*Creating a healthy and  
wholesome environment  
through the wise stewardship  
of land.*

The **Shawnee County Subdivision Regulations** establish measures and requirements for the subdivision of land within the unincorporated area and the procedures by which those requirements and measures are to be administered and enforced. The purpose of these regulations is to help ensure the orderly development of the county and provide for adequate public services and facilities to each lot created. It is the job of the Shawnee County Planning Commission to ensure that proposed subdivisions conform to these adopted standards.
